Welcome to Theater of Absurd
When the world and reason are audience
And actor illusion and experience only
Here gleams shiny mandala

Picture of universe in this simple formula
Love is the Law
Proverb of juggler on the gate engraved
That life is delight, that death is also life

In the chamber
Of creation and annihilation
And Ling am links with
Yoni wisdom stone make

[Incomprehensible]

There is neither space nor time
Books are read backwards or from all side
Everything will sinks and tears down
Phantom of mourning

Love is the Law
Proverb of juggler on the gate engraved
That life is delight, that death is also life
