"As Above To Below"

I've seen strange signs on my way
Silent shadows
Dancing shapes
And angels fallen on the earth

Face up
And look there
When the root ov thy being cannot reach

Art thou Nephilim child?
Are ye looking for thy Elysium?
Here among the living trees?
Among the fading stars, variability ov forms?

Sometimes love, Sometimes sadness ov things
Sometimes rapture, and wine o sabbath

Sometimes hatred, divine rage
And 93 rears, no limit, beyond the sin - gilgolem

Ye taught me the secret words:
IAO SABAO
Protect thy Daimon

Why why whisper thoughts
But might is raised
When conjurer of seasons
Hums the song...sorrowful, joyful
Night is eternal
And day is eternal
With runes ov life
And runes ov death
As above, so below
Now it's time ov the Beast
