O, Serpent and Lion!  
I invoke Thee!  
Inside the shrine called life  
By the seven wonders  
By myriad mortals  
That gone  
And are to come  
Outside!  
Outside desert ov restriction  
In act ov rebellion  
On the sea ov motion  
Stability ov matter  
By serenity, strength and beauty  
By the mighty chant ov every breath

In serpentine dance ov blood cells  
In simplicity ov spells  
Divine names, meta-games  
I greet Thy presence

Oh Snake! Thou art God!  
Coiled underneath my throne  
With Thee I reunite  
With blood we make this covenant  
Myself I redefine  
Look in and above:  
There is more than the flesh  
Look careful and Thou may see  
The unextinguished flame  
The nectar ov Thy rage  
I taste from the cup ov fornication  
And woman by my side  
And scarlet is her skin  
She's eager to rise  
And so eager to please  
Another day  
Another eternity gone  
And on the stairway to salvation  
I walk alone among the falling stars  
Looking for company  
Where art Thou?  
Oh, lacerate ones!

[Bass Lead: Orion]  
[Lead: Nergal]  
[Lead: Seth]

Arise! my sweetest friend  
Or be forever fallen  
We have finally arrived  
From prison ov this life  
To Kali's womb  
Down to the earth  
As angels ov almighty god-  
Chaos!  
'Tis our last fall  
To touch our mother whore  
The harlot ov the saints  
That spits on the rotten cross  
Incinerate the icon  
The symbol ov all loss  
To stand straight  
At the left hand ov god

Samael! be Thou my ally!  
Join me among the bright hosts  
Wondering neither way ov light  
Nor darkness  
Ov which seed  
Sprouts dispassionately  
In the summer ov my life
