We transgress the context of commonplaceness
 We deny normality, trample morality
 We destroy angels with sound
 We destroy angels with silence

Currents of tantric anarchy seize our bodies
 Into the cosmic dance of four scythes
 The curtains of Absurd Theatre are raised
 Synchronicity - Mother Chaos on the stage

"Wisdom says: be strong!"
 Thrilling words are spreading down the spine
 Vibrating... "be strong!"
 Exhausted I'm running towards the last shines of
 consciousness
 Which is absorbed by shadows of madness

Here are the star and the snake servants;
 -they rise the hexagram
 Sun - in the triangle hidden ; Sight - sacred visions
 entwined
 And union with Nothingness body I'll find
 Strength - go along the Mars path, fighting if we must;
 Light - oh, you are Athathoor, goddess of blue sky

There is might of dawn, in non-quality state I remain
 Of commonness crippled time or sand - glass you don't
 see again
 Sigillum dei, picture of myself I'm drawing
 With life, venom and hell I'm sprinkling it
 His name is Esial, I want him more
