Welcome to Theatre of Absurd
When the world and rason are audience
And actor illusion and experience only

Here gleams shiny mandala
In the chamber of creation and annihilation
And Lingam links with Yoni wisdom stone make

There is neither space nor time
Books are read backwards or from all side
Everything Will sinks and tears down phantom of
mourning

Picture of universe in this simple formula -

"Love is the Law"
Proverb of juggler on the gate engraved
That life is delight
That death is also life

This is the introduction to the world ruled by Law of new
Aeon, when
Newtonian-Cartesian paradigm doesn't exist, limits of
time and space are abrogated,
and Will & Love are keys to experience the joy of
existence.
