[Chris Brown]

Some people have to learn
Some people wait their turn
Some people have to fight
Some people give their lives

[Chipmunk]

They wanna hold you back tell 'em pee off.
Whenever they say you can't take the c off.
I remember when they told me i wouldn't be famous,
Now my dream and reality's simultaneous.

And, work your own way to the top
If they put you on a pedestal, they can take you off.
And there's a higher level than the top
You gotta make more, don't make do with what you got

Yeah, so go and get it in sunny
Not everybody get's a second chance at getting money
Or even getting lucky,
So you gotta fill the hunger in your tummy.

[Chris Brown]

I'm always pushing myself to the limit
Making sure I stay ahead,
You made me who I am
From the words you said.

Some people have to learn
Some people wait their turn
Some people, but not me
I was born champion.

Some people have to fight
Some people give their lives
Some people don't believe
But I was born a champion

But I was born a champion
But I was born a champion

This gon' be the realist shit I ever wrote

Off the records, no cameras forget a quote
Some of my family doing good, most doing dope
I'm from Virginia where they hang them nigga's by a
rope

I used to see my momma getting beat down
Is that the real definition of me now?
I fell off, back on my feet now
Heading to the sky, can't even see down.

Award shows, I pour my heart out
And people still study tryna point my flaws out.
And I be lying if I say it ain't get to me
But I'm a champion, legend, history.

I'm always pushing myself to the limit
Making sure I stay ahead,
You made me who I am
From the words you said.

Some people have to learn
Some people wait their turn
Some people, but not me
I was born champion.

Some people have to fight
Some people give their lives
Some people don't believe
But I was born a champion

But I was born a champion
But I was born a champion

[Chipmunk]

Ok, no one wants to help, I guess you're on your own
Build the foundation with the bricks they've thrown.
In a black and white world true colours show
Change if you want, everybody grows

And life's like an ill, but try an' get a hold
Opinions ain't facts take 'em in an' let 'em go
You made me who I am
From the words you said

[Chris Brown]

Some people have to learn
Some people wait their turn
Some people, but not me
I was born champion.

Some people have to fight

Some people give their lives
Some people don't believe
But I was born a champion

Some people have to learn
Some people wait their turn
Some people, but not me
I was born champion.
Some people have to fight
Some people give their lives
Some people don't believe
But I was born a champion

But I was born a champion
But was born a champion.
