[Chorus:]

Every time we touch I get this feeling  
Every time we kiss I swear I can fly  
Can't you hear my heart beat fast I want this to last  
Need you by my side  
Cause every time we touch I feel the static  
And every time we kiss I reach for the sky  
Can't you feel my heart beat slow I can't let you go  
Want you in my life

[Chipmunk:]

When we started I would not kiss  
Now girl look I'm all used to your lips  
Other girls hate and say that I play  
But I know that you're used to the pricks  
When we touch my heart skips 2 beats  
I don't care if I'm sounding too sweet  
When we hug I feel the connection  
Like the way that we feel so unique  
I never thought that I would find love  
I found a wifey and you found hubs  
Right now my feelings are so strong  
I could put them in a ring but without the gloves  
Girl I'ma be here till the end  
Not just lovers we're also friends  
I won't lie there's pretty girls that I talk to but things  
ain't the same

[Chorus:]

Every time we touch I get this feeling  
Every time we kiss I swear I can fly  
Can't you hear my heart beat fast I want this to last  
Need you by my side  
Cause every time we touch I feel the static  
And every time we kiss I reach for the sky  
Can't you feel my heart beat slow I can't let you go  
Want you in my life

[Tinie Tempah:]

You knew I weren't on the kiss bit  
I tried to use all excuses

Like I can't kiss you with a lip ring  
But before me, you coulda linked bare mans  
So I don't know where your lips been  
I used to say no like you were listening  
But still you sit on the seat  
When I needed that kiss on the cheek  
You put music like this on repeat  
And you prayed for the moment  
I used to say wait for old man huh  
And the horseman  
But one day you came too close  
And I moved too slow  
I see the feeling man it was too tough  
So boy I can understand what you mean in the chorus

[Chorus:]

Every time we touch I get this feeling  
Every time we kiss I swear I can fly  
Can't you hear my heart beat fast I want this to last  
Need you by my side  
Cause every time we touch I feel the static  
And every time we kiss I reach for the sky  
Can't you feel my heart beat slow I can't let you go  
Want you in my life
