Falling in love again I guess I'm falling, falling
Falling in love again this time with you, with you
Falling in love again I guess I'm falling, falling
I guess I'm falling in love with you

Just like the first time when I saw your pretty face
Something about you, something I could not explain
Gave me this feeling I know I have felt before
Gave me this feeling, something I could not ignore

(ooh) I wanna get something started
(aah) But I don't even know your name
(ooh) I think I'm falling
(ooh, ooh, ooh, ooh, ooh) I'm falling

I can't help thinking that you and I were meant to be
But you never imagined what you really mean to me
If you love was frozen I'll turn up your body heat
Keep it one the down low, anywhere you wanna go
We can take it nice and slow

Could it be that I'm falling in love again
Could it be that I'm falling in love
Never thought that this feeling would come again
Could it be that I'm falling in love
