Chipmunk: In a sound clash mana get light up,so dont amp more hype up, See the circular team theres nobody like us, were lord of the mics come here with your hype no lie your face will get light up carr my team stand tall when the mics up so boy better know these boys better grow and narh nuttin anybody get light up light up light up light up light up mr munk will dun a mans hype blud if you clash me and pull of and mirical no lie shalo and hits will rise up rise up rise up rise up rise up carr my team stand tall till the end none of them can do how we do with a pen in a sound clash mana get light up dont amp more hype up those will get light up if you aint got bars that back talk dont try step up fam you best walk im a lord of the mic chat shit i'll put a end to your hype and then a end to your mc life i got that dun a mans dance so dont try come around and try clash no lies 24's will light up your arse

Black The Ripper: In my ends you get light up, some man try hype up but they get ignored they just spit cos there bored heres my advice file a 9 to 5 blud and dont release any mixtapes cos nobodys paying a fiver hang the mic up seriously what you doing with your life cuz, dont hit the road you'll get tied up or front light your coat you get light up like a big splif wrapped by mayhali thats phift im in a league of my own like chip so leave me alone you pricks im fully grown like Frisco and when i switch its mental welcome to light up central.

Chipmunk: Dont park your car round light up central carr you will get light up mental you clash man before and trust me you loose so its far from experimental (X2)

Frisco: So dont come around light up central carr many mc's get light up mental,
