Sometimes in life you'll fall apart
Sometimes in life you'll break your heart
One day you'll realize that you'll be alright

Have you ever trusted someone that left you on your
back
And loved someone that just never loved you back?
Ever lusted something you can't have
Trying to live right just with a devil on your back

I'm so young but my life's so nuts
Come across a couple of two faced cunts
Come across a couple of gold digging sluts
But I don't even drop them a nut

Do you ever wake up like why do I work for?
Yep, I'm worth a lot more than I work for
Just saving up for something you can't afford
But having it is just such a lovely thought

Ever made war with the closest of people
Your family, all the roof of all evil
Like sometimes I think my life's worthless
Beside spitting bars what is my purpose?

Sometimes in life you'll fall apart
Sometimes in life you'll break your heart
One day you'll realize that you'll be alright

Sometimes in life you'll fall apart,
Sometimes in life you'll break your heart
One day you'll realize that you'll be alright

Sometimes I just feel to cry
Thinking of my loved ones that died
Bare red letters on the fridge
Water in my fam's eyes

Mummy thinking how I'm gonna make it right
Everything will be alright or will it? Den again it might
not be
And from the one who lives his life properly believe

It's funny that they're looking up to chip
But chip falls to jump off a bridge

But fly not die, I swear 'cause I don't think I'm suicidal
Slim Shady cheap teenagers new acidal
But sometimes I need my own space
But everybody's all up in my face managements on my
case

Yeah, I like getting payed a dozen
But I don't want to interview today or tomorrow
There's only so much my mind can take in my ends
With the friends to phrase and snakes

Sometimes in life you'll fall apart
Sometimes in life you'll break your heart
One day you'll realize that you'll be alright

Sometimes in life you'll fall apart
Sometimes in life you'll break your heart
One day you'll realize that you'll be alright

Sometimes in life you'll fall apart
Sometimes in life you'll break your heart
One day you'll realize that you'll be alright

Sometimes in life you'll fall apart
Sometimes in life you'll break your heart
One day you'll realize that you'll be alright

And no, I don't think I can sing
Before you start getting all critical
