I really wanna lose you  
Never wanted you right from the start  
But you kept hangin' on my legs and hips and heart  
So inconsiderate the way  
You suddenly appear each day  
I want you outta my sight  
Gonna start tonight

I really wanna lose you  
I never want to see you with me again  
I really wanna lose you  
So much I'll do any-thin  
Well, I'll run you  
Walk you  
Push, pull and shove you  
Anything to get this fat off my back  
I really wanna lose you  
I really wanna lose you

You look so pretty when you're on my plate  
But it's such a pity  
What you do to my weight

You tempt me with your evil ways  
Never let up for a day  
I want you outta my sight  
Gonna start tonight

(REPEAT CHORUS)

Go away, off my waist and thighs  
Go away, and find some skinny guy  
I've had it with your duty tricks  
I get you off my belly  
And you turn up on my hips

I'm really gonna lose you  
I'm never gonna see yo with me again  
I'm really gonna lose you  
So much I'll do any-thin

(REPEAT CHORUS)
