Alvin and Simon:

Verse 1:

theres something wicked out there,
we feel it in the air. it whispers "Come and find me
if you dare." We sense disaster lurking.
must save the neighborhood, this monster mus be
stopped for good!

Chorus:

we're MUNKS on a mission! we'll keep on searchin'
Munks
on a mission whether by day or moonlight!
MUNKS on a mission! we'll keep on workin' munks on
a mission keepin' it safe out at night!

Verse 2:

We see a full moon rising,
we hear the howls at night!
but you remain out of our sight!
We know we're getting closer,
we don't know whats in store! but clues are leading to
your door!
