Na man, delirious man, delirious.
I heard this beat and it just related to this situation ya
get me?
Circular movements Like, have you ever had one them
girls yeh?
That they think they can like chat their waffle cakes and
You will believe in them?
It's not that man, I tell them to come off the blocks you
get me?
You can't lie in my face with some bare face lies come
off the block!
Look man,
She's lying, look in my eyes she lying,
And a clock from time she's lying
Chatting about him n her are just friends
But clock from time she's lying and the lies chipmunk
ain't buying
Like I'm not stupid blud, fuck you but chipmunk knows
your lying!

Chatting some lies like there just friends some bullshit
about batty on a bench,
I used to lick off your head with a rench,
I don't care, don't hit girls though I'm gonna smack up
her tune instead,
I'm not stupid I know that... even that the girls so many
are...
I should just cluttered you in the head, this girl told me
I took her v,
I'm not stupid I don't believe, you had to be there man,
I don't care man, I got paid as a minor for me,
I still got my pride and my name, she's lucky I'm not
baiting her name.
I got paid a learning curve now I just treat all chicks
then same man.

She's lying, look in my eyes she lying,
And a clock from time she's lying
Chatting about him n her are just friends
But clock from time she's lying and the lies chipmunk
ain't buying
Like I'm not stupid blud, fuck you but chipmunk knows

your lying!

Why you trying it for or I'm having to start lying as well
this relationship
Started out well now your just lying about next guys you
know.
Look I made it clear, so that txt from my phone was
clear, clearer
Enough for us to separate, I don't wanna hear no
friendly dates, it's not that,
I speak the real truth right now I don't wanna chat to
you,
What you do will come back to you it's real now you
must understand how
I feel innit?
Look even chip and tiny says she's lying coz she's lying
so all
I'm thinking in my head why the hell is she lying?

She's lying, look in my eyes she lying,
And a clock from time she's lying
Chatting about him n her are just friends
But clock from time she's lying and the lies chipmunk
ain't buying
Like I'm not stupid blud, fuck you but chipmunk knows
your lying!

So who's your friend back in the day from school?
And you kicked ball but his so big you tackled the bray
of fool [haha]
Right I used to linked up to catch up over drink up but
hate it went
Chipmunk came and sh don't talk I'm trying think [FUCK
FUCK]
So that's one thing now but how bout the one it is that
I heard you kiss then smuther I know it weren't
someone in your team
[Oh shit, one second] hold on a second them experts
told me quickly
Who come to see who there putting by I don't want no
more look rude girl
I don't believe you

She's lying, look in my eyes she lying,
And a clock from time she's lying
Chatting about him n her are just friends
But clock from time she's lying and the lies chipmunk
ain't buying
Like I'm not stupid blud, fuck you but chipmunk knows
your lying!
