I'm on the first thing smoking out of here
Got to get away on to a new frontier
And I don't mean to sound so cavalier
But this operation I just have to adhere

Pre Hook

I'm moving on
I know I said be string but I gotta find where I belong
I don't know where it is but I gotta get there
Don't think me wrong but I kinda feel it's been prolong
and I gotta find where I belong
See I gotta get away from here

Chorus

I got my bags packed with no plans to ever come back
walk in their shoes no I don't want that
I just wanna get away from it all
I want my own space with no added weight move at my
own pace look in their eyes and see my own face

Verse

Ain't no telling what the future lies ahead
Gotta be prepared ain't no time to be scared
Bring all my money just to pay the fare
And I'll figure out the details when I get there

Pre Hook

I'm moving on
I know I said be string but I gotta find where I belong
I don't know where it is but I gotta get there
Don't think me wrong but I kinda feel it's been prolong
and I gotta find where I belong
See I gotta get away from here

Chorus

I got my bags packed with no plans to ever come back
walk in their shoes no I don't want that
I just wanna get away from it all
I want my own space with no added weight move at my
own pace look in their eyes and see my own face

Bridge

The stars shine brightly just to guide
Feels like I'm in outer space and I can't hardly wait
Til I reach my destination
A couple light years away and that is where I'll stay

Chorus

I got my bags packed with no plans to ever come back
walk in their shoes no I don't want that
I don't want that
I want my own space
I need my own space
With no added weight move at my own pace
I wanna move at my own pace
Look in their eyes and see my own face

I got my bags packed
You see I wanna look back, to see where I'm at and see
what I had and what I'm gon get, I so serious I'll nver
quit until I get there
With no plans to ever come back walk in their shoes no I
don't want that
I don't want that
I want my own space
I need my own space
With no added weight move at my own pace
I wanna move at my own pace
Look in their eyes and see my own face

I got my bags packed and see I don't ever wanna come
back
Oooooohhhh Got to Got to get away Got to Got to get
away
Got to got to get away
