Let wind blow, let fire burn  
Let sea rise to greet sky  
Let sun warm, let moon cool  
For all the earth to breathe

Let song speak, let hearts break  
Let tears flow in heartache  
Let war take, let love heal  
For all on earth to breathe

Daylight long fall  
As shadows call  
Let truth stand tall  
For loves soft call

Let wind blow, let fire burn  
Let sea rise to greet sky  
Let sun warm, let moon cool  
For all the earth to breathe

Daylight long fall  
As shadows call  
Let truth stand tall  
For loves soft call  
For all

Let skies shine, let souls fly  
Let dawn break before us  
Let day grow, let night flow  
For all the earth  
For all on earth to breathe

Let wind blow  
And fire burn  
Let sea rise  
To greet sky  
Let sun warm  
And moon cool  
For all the earth  
To breathe
