There's a long for certain, a kind of moving on  
Though what I used to be, I still depend upon  
For now I realize that good can come from bad  
That may not make me wise  
But oh, it makes me glad, forever love  
And you are watching over me from up above  
Fly me up to where I never thought I'd leave behind  
I wish my childhood dreams, but I don't mind  
For now I love the world  
I see you're there, a breath away's not far to where you  
are

For in my dark despair, I slowly understood  
My perfect world out there had disappeared for good  
But in it's place I feel a truer life begin  
And it's so good and real  
And it must come from within, forever love  
Watching me from up above  
And I believe that angels breathe  
And that love will live on and never leave  
Fly me up to where I never thought I'd leave behind  
I wish my childhood dreams, but I don't mind  
I'm where and who I want  
To know you're there, a breath away's not far to where  
you are  
I know you're there, a breath away's not far to where  
you are
