Try not to make a sound
Cause your eyes aren't open
I'll just wait till your awake
I feel the weight of your chest.
Rise and fall with every breath
Is this how love is lost
Live and die

[Chorus:]

Do you just breathe in
(you wake up)
Just to breathe out
(to realize)
Just to breathe in, Just to breathe out
(what you should have done)
Do you just breathe in
(you wake up)
Just to breathe out
(to realize)
Just to breathe in, Just to breathe out
(what you should have done)

Cherry blossom fills the air,
Sweet smell my favourite time of year
But now all that it bares is plain and grey
Just wanna wake you up,
But you look so peaceful there
Can you see, Can you speak
Can you hear

[Chorus:]

Do you just breathe in
(you wake up)
Just to breathe out
(to realize)
Just to breathe in, Just to breathe out
(what you should have done)
Do you just breathe in
(you wake up)
Just to breathe out
(to realize)
Just to breathe in, Just to breathe out

(what you should have done)

Don't breathe in to breathe out

Don't breathe in to breathe out

Don't breathe in to breathe out

Don't breathe in to breathe out
