Another broken dream
Another memory fades into the night
I can't survive without you here.
You took away my heart
Forever this darkness fills my life
This pain, your smiling
Are worlds apart

[Pre-Chorus]
So close your eyes
For one last time
Just save your breathe
And beg for this

[Chorus]
No words can say
That I can see you smile
Watching over me
Nothing can save
Pleading over and over
Your life is mine

Another broken dream
You Memory is all that's left tonight

This is how I will leave you here.
The thought of all that's lost
A tragedy that's bound to me for life
This ghost your smile
Is all that remains.

So close your eyes
For one last time
Just say your prayers
And beg for this

(I will have my revenge)
Tonight will be your last.
I'll bury you now.

One chance before you die
(One chance)

One word to make this right
(One word)
One chance to save your life
(One chance)
One word before I break you
(One word)
