Trying to make no sound
Cause your eyes aren't open
I'll just wait till you're awake...
I feel the way you move your chest
Rise and fall with every breath
Is this how love is lost?
Live and die?

Do you just breathe in, Just to breathe out?
Just to breathe in, just to breathe out?
Do you just breathe in, just to breathe out?
Just to breathe in, just to breathe out?

Cherry blossom fills the air
The sweet smell, my favourite time of year
But now on, my past is painted grey
Just want to wake you up
But you look so peaceful there...
Can you see, can you speak?
Can you hear?

Do you just breathe in, Just to breathe out?
Just to breathe in, just to breathe out?
Do you just breathe in, just to breathe out?
Just to breathe in, just to breathe out?

Don't breathe in, to breathe out
Don't breathe in, to breathe out
Don't breathe in, to breathe out
Don't breathe in, to breathe out

Do you just breathe in, Just to breathe out?
Just to breathe in, just to breathe out?
Do you just breathe in, just to breathe out?
Just to breathe in, just to breathe out?

Don't breathe in, to breathe out
Don't breathe in, to breathe out
Don't breathe in, to breathe out
Don't breathe in, to breathe out
