I hate you!
Those words go round and round my head
This isn't real...
I can't be dead
Look around as the sun goes down
And it all comes back to that fateful moment
Your lips,
Your eyes,
Your skin,
It tries, to draw me in to your lifeless world

Please help me,
I'm yearning,
I want you to tell me it's alright
Please save me,
I'm burning,
For a taste of eternity

And all these promises
False hopes and loneliness
I hate you
For what you've done to me
You've killed me

Your eyes burn
All ties as I lay here
Soul full of emptiness
Red tears run down to my chin
As I reach for the kill and my teeth sink in
The pain,
The rush,
A kill,
To touch,
What has become of me?
Please help me,
I'm yearning,
I want you to tell me it's alright
Please save me,
I'm burning,
For a taste of eternity

And all these promises

False hopes and loneliness
I hate you
For what you've done to me
You've killed me

And I'll walk alone
For the rest of my life to show
I can live without you
Tonight,
You die,
And I,
Will fly,
Away,

And all these promises
False hopes and loneliness
I hate you
For what you've done to me
You've killed me
And all these promises
False hopes and loneliness
I hate you
For what you've done to me
You've killed me
And all these promises,
False hopes and loneliness,
I hate you for what you've done to me.....
