Raped, naked and tortured as you penetrate into
sadness.

I'll let you deep inside the border line as I close my
eyes to this wicked mind.

So drink my wine
and break my bread
I'll be your savior

Embrace this new love for new hate.
(I'll be the one who kills, I'll be the one who thrills)
Replace your old faith for new fate.
(I'll be the one who kills, I'll be the one who thrills)

Now I forget to scream
My pleasure comes from this twisted scene,
Take, take this face of mine.
There's no need for disguise.
There's no place you can hide,
Too vile for us to find.

So drink my wine
and break my bread
I'll be your savior

Embrace this new love for new hate.
(I'll be the one who kills, I'll be the one who thrills)
Replace your old faith for new fate.
(I'll be the one who kills, I'll be the one who thrills)
Embrace this new love for new hate.
(I'll be the one who kills, I'll be the one who thrills)
Replace your old faith for new fate.
(I'll be the one who kills, I'll be the one who thrills)

Take, take all of me in
and I'll fuck you full of sin.
I'll take you to a world of shame
And you'll never be the same.

Now that I am your mother and father
I will exploit you anyway I feel like.
I'll be the one who kills

I'll be the one who thrills
I'll be the one who kills
I'll be, I'll be
I'll be the one who kills
I'll be the one who thrills
I'll be the one who kills
I'll be the one!
