They come into our life not even listening, baby.
Long hallways dressed in gold to justify the souls that
they've sold.

We'll start a revolution and bring them to their knees
You know that this will be a shakedown, a shakedown
baby.

We'll start a revolution and bring them to their knees
You know that this will be a shakedown, a shakedown
baby.

Our eyes are open so synthetic suits have no where to
go.

Our eyes are open so synthetic suits have no where to
go.

No fascist lies, or censored cries.

Cause now's the time for us to rise.

We'll burn their bibles and starve their families.

So a word to the wise "Don't fuck with us".

We'll start a revolution and bring them to their knees
You know this will be a shakedown, a shakedown baby.

We'll start a revolution and bring them to their knees
You know this will be a shakedown, a shakedown baby.

Gonna be a shakedown. Gonna be a shakedown.

Gonna be a shakedown. Gonna be a shakedown.

We'll start a revolution and bring them to their knees
You know that this will be a shakedown, a shakedown
baby.

We'll start a revolution and bring you down.

You know that this will be a shakedown, a shakedown
baby.
