Drag the angels down from heaven
Infinite Sodom and firefuck awaits

Tear their wings from angelic flesh
Bitch angels scream for mercy
Tremendous agony in the raping ground

My hommunculus in gnashing cunnifingus
Cunt diabolus behold majestic rape war in hell
I personally executed the jesu worm
I laughed as his brain fell from his holy fucking head
I personally saw to the Virgin Mary, I Laughed She wept
Sick indulgence, depravity, majestic debauchery
Great War in the raping ground
