You're an angel among demons; the one that keeps me
near

You're a hero among villains; the one that relieves my
fears

You were there when I needed someone
At my worst, you took care of me

You're an angel among demons; the one that keeps me
near

You're a hero among villains; the one that relieves my
fears

You're the light among the darkness; the one that
keeps me close

You're the dream to my nightmare; the one I'll never
lose

I can't express the innumerable thanks I owe
Where I'd be without I never want to know
I can't express the innumerable thanks I owe
Where I'd be without I never want to know

You're an angel among demons; the one that keeps me
near

You're a hero among villains; the one that relieves my
fears

You're the light among the darkness; the one that
keeps me close

You're the dream to my nightmare; the one I'll never
lose

YOU WERE THERE!

Gangstacore

YOU WERE THERE!
