yeah i think that its funny that you're hurting now
cause you thought it was cute when you was runnin
'round with those girls.

you silly boy we'll see who's gonnna be crying now,
I'm taking all your clothes and imma throw em all
outside on the grass.

see i was such a fool to think we would last.
so you can pick your shit up and get gone but..

(chorus)

before you leave, before you go,
just give me the chance to tell you i hate you one more
time.

Tell me everything that you want me to know,
cause baby you won't have the chance to see me again.
so throw it all on the table now.

so say what's on your mind and baby say it fast (tik tok)
and say it all cause this will be the only chance you'll
get.

aint it funny how when i'm about to walk away,
its just the time when you decide that you want me to
stay, but its too late.
cause im acking your bags, how silly of me to think we
would last
so you can get up out my house right now but..

(chorus)

before you leave, before you go,
just give me the chance to tell you i hate you one more
time.

Tell me everything that you want me to know,
cause baby you won't have the chance to see me again.
so throw it all on the table now.

So say what you gotta say
cause i refuse to be the one who ignores what's right in
my face.
so before you leave don't forget to take it all
take everything that we 've shared you can even have
the dog
so look me in my eyes one more time baby tell me your

sorry (won't work this time)

(chorus)

before you leave, before you go,
just give me the chance to tell you i hate you one more
time.

Tell me everything that you want me to know,
cause baby you won't have the chance to see me again.
so throw it all on the table now.
