the best night of my life  
i found the love beneath the strobe lights and  
then she said to me  
that she was hypnotised by those lights and  
i wanna rock the party with you by my side  
i wanna dance alone with you in candle light  
no i won't leave the spot without you by my side  
i fell in love on the dance floor

Chorus:

'cause the sky's open up  
set the moves alright  
no i fell in love when i saw you walking by  
as the world's spinnin round wanna dance all night  
hey i fell in love on the dancefloor  
oh eh oh eh oh eoh  
oh eh oh eh oh eoh  
the sky's open up  
set the moves alright  
hey i fell in love on the dancefloor

then she said that she  
could feel the music calling her to me  
she wanted to be somewhere where she could give  
herself to me  
i wanna rock the party with you by my side  
i wanna dance alone with you in candle light  
no one would leave the spot without you by my side  
i fell in love on the dancefloor

[CHorus:]

i wanna rock wanna rock with you  
wanna rock wanna rock wanna rock with you  
i wanna rock wanna rock wanna rock with you  
i wanna rock wanan rock rock with you  
i wanna dance wanna dance dance with you  
i wanna dance wanna dance dance with you  
i wanna dance wanna dance dance with you  
i wanna oh wanna oh oh oh oh

[2 x CHorus:]
