[Hook:]

You see it's so hard to tell you the truth  
I'd rather die than to be without you  
And I'm dying baby, don't be so cruel

[Verse 1:]

Still sitting in the kitchen where you left me  
Rain drops beating on the glass, window pain  
My phones still in pieces, but still more intact than me  
I try to stay up but my legs won't let me  
Try to call your name but my lips taped shut  
Tears all on my polo, I'm hopeless girl no more please  
Why does pride make it so hard to

[Hook:]

Tell you the truth  
I'd rather die than to be without you  
And I'm dying baby, don't be so cruel  
Took a life time to let down my guard  
Still I'm left here alone in the dark  
And I'm broken please don't leave me with scars

[Verse 2:]

Flashback to the 3rd of December  
Told me that your pops broke your heart I will always  
remember  
You said I'm just like him turns out you were right again  
Night after night I swear it's so hard  
I reach to the side of the bed to caress your hair  
Your ghost still remains and, it kills me but you don't  
care  
And that's what makes it so hard to

[Hook:]

Tell you the truth  
I'd rather die than to be without you  
And I'm dying baby, don't be so cruel  
Took a life time to let down my guard  
Still I'm left here alone in the dark  
And I'm broken please don't leave me with scars
