yeah, yeah

it started off with a round of applause  
cheers to my women who ???  
who never been a heartbreaker, got a mind about it  
thought i had that, but i was wrong.. lemme tell ya bout  
it

she was like my angel from way up above,  
she cried from the sky, she would shower me with love.

had her over every day, every single day i did.  
started gettin careless, so next thing you know we  
made a kid.  
she was like mmm, i was like yess!  
i hope we have a son, watch this nigga be the best.  
and right around june she took a plane & it was too  
late..  
i did the math & found out her due date was..

in julyy. there were fireworks exploding,  
but now its getting colder. the leaves are turning  
colors,  
ask me why. its just not our season.  
the one & only reason, ahhh.

uh, this verse starts as my snipers hit they marks.  
& ya guards fall down from a rifle to the heart  
like clap, clap .. let em fall slow.  
i know you had your fears, you can let em all go.  
& most women are motivated, so i act accordingly,  
but this is so refreshing that it means a lil more to me.  
dedicating time when i really cant afford to be.  
i provide protection if you open the door for me.  
couple stares, couple texts, couple dates,  
couple "i think that were readys", couple "i think we  
should waits"  
are we actin like a couple? im just trynna get it straight.  
cause im over here convinced that its too early for  
mistakes & man..

ohh, we had to change up the game.

oh, the weather is not the same.  
now theres only cloudy days, i cant stand the rain.  
in july. there were fireworks exploding,  
but now its getting colder. the leaves are turning  
colors,  
ask me why. its just not our season.  
the one & only reason, baby oh baby oh.

our summer turned into fall.

damn, tell me where did all the magic go?  
i followed the rules & told ya everything ya had to  
know.  
had ya over every night, every night was passionate.  
plus you met my mother even if it was an accident

cause she was supposed to be my shawty, my baby.  
??? this crazy

i put your life in front of mine because thats where you  
asked to be,  
sayin i dont treat you the same, so now you askin me.  
who cares chivarly, they need to get they sentencing  
meanwhile we arguin, & i cant get a sentence in.  
& just as i was hangin up the phone, she told me to  
hold on  
cause she's finally comin home in july..

in july. (yes) there were fireworks exploding,  
but now its getting colder. (its getting colder) the  
leaves are turning colors,  
ask me why. its just not our season.  
the one & only reason. baby oh, baby oh.  
our summer turned into fall.

girl: see.

boy: wassup.

girl: its funny cause,

boy: yeah?

girl: i never thought this would end.

boy: listen baby, its not gonna end.

girl: but then the season changed.

boy: can we, can we bring it back though?

(you were my, you were my, you were my love.

you done made, you done made, you done made my  
world)

boy: cause you are my girl, & i wanted you to be my  
world.

so ima do everything to make sure you happy.

\*watcha say\*

girl: keep faithful, keep faithful, keep faithful, keep

faithful.

scream julyy, then theyll turn into a butterfly.
