Pour a little liquor
Kick it with the homies
Tell a couple stories to the people
Who don't know me
But I am waiting back that is my favorite show
Play my own mix tapes on the radio
Take it up my system give me truck supplies
It always help me .. sweep my life
They need .. don't need live people
Cause baby when you are gone everybody wanna see it
Granny that I love her momma that I miss her
Really really miss her I would give anything to kiss her
Tell my ex girlfriend I love the old her
If I don't make it home tonight
Tell the city that we maejor tell them I am sorry
Really really sorry wanna make some millions probably
Tell them I love my haters that they finally get their
wish
If I don't make it home tonight
Sipping on some .. do it how I did it
Get it how I got it
How I did when I was living
.. got a crib and a benz I ain't tripping
This is the beginning you know I don't forget it
Tell my little cousins keep believing you can make it
Study any , one day you will be the greatest too
People who believe in me that I appreciate it
.. she canceled all my ,
Granny that I love her momma that I miss her
Really really miss her I would give anything to kiss her
Tell my ex girlfriend I love the old her
If I don't make it home tonight
Tell the city that we maejor tell them I am sorry
Really really sorry wanna make some millions probably
Tell them I love my haters that they finally got their
wish
If I don't make it home tonight

Granny that I love her momma that I miss her
Really really miss her I would give anything to kiss her
Tell my ex girlfriend I love the old her

If I don't make it home tonight
Tell the city that we maejor tell them I am sorry
Really really sorry wanna make some millions probably
Tell them I love my haters that they finally get their
wish
If I don't make it home tonight
