Oh
Girl
She ain't you
No
So I miss you
It's Bei Maejor
And Jukebox Boy

I think back
On when we used
To be
So happy
Me and you together
Me and you together

My new girl
Tryna replace that
But she can never be
What you were to me
I know you
Like whatever (whatever)
Told me like whatever

So now
I'm hoping
Maybe one day you'll
Let your heart open
If you don't then you
Leave me heart broken
All alone singing
This song
Singing singing this song
So now
I'm like
Noo

There's no way
That any other girl
Could do the things you do
If only I had known
I'd never let you go away
And do them things to you

But now my baby's grown
Gone away
And I got another girl
Whose cool
But no
She ain't you
Girl you know
She ain't you girl

So umm
I think back
Bout how we used to say
That we were gonna stay
Always together
Any kinda weather
Any bird
Any plane
Superman don't mean
A thing
No no

I think back
To how we used to be
All on the phone
Talking til 3
Ah 4
Ah 5
In the morning
Without being bored
And talking about nothing

Think back many years
When I used to sneak
In ya crib like this
Shh
Be quiet
Or your Dad will hear us
And he's gonna kill us
I don't wanna die

So now
I'm hoping
Maybe one day you'll
Let your heart open
If you don't then you
Leave me heart broken
All alone singing this song
Singing singing this song
So now
I'm like
Noo

There's no way
That any other girl
Could do the things you do
If only I had known
I'd never let you go away
And do them things to you
But now my baby's grown
Gone away and

I got another girl
Whose cool
But no
She ain't you
Girl you know
She ain't you girl

So now
I'm calling
The radio
Hoping that my call
Gets through
Cause I wanna play this song
And I wanna dedicate it
To you

I'm on the phone
With the radio
Hoping that this call
Get's threw (threw)
Cause I want you to hear
This song
And I wanna dedicate it
To you

So now
I'm like
Noo

There's no way
That any other girl
Could do the things you do
If only I had known
I'd never let you go away
And do them things to you
But now my baby's grown
Gone away
And I got another girl
Whose cool
But no
She ain't you

Girl you know
She ain't you girl

Hey
I think back
When we used to every
I think back on
When we used to uh
I think back every every
Think back every
Think back every every

Every girl gone away
And now I know think back
Every no she ain't you girl
You know she ain't you girl

Did you hear that part
At the end
Where I was like youuu
I hit that note
