There's a pretty big trunk on my lincoln town car and it,  
big enough to take these broken hearts and put them in  
it. Iv'e been riding round on the boulevard, trunk  
bleeding. And everytime the cops pull me over you  
never see them, never see them.

And iv'e got this black suit on, rolling around like im  
ready for a funa-ral. Five more miles till the road runs  
out. Imma about to drive in the ocean, imma try and  
swim from something bigger than me. Kick of my  
shoes... swim good, swim good. Take of this suit...  
swim good, wim good.

There's some pretty good beats on this maejor made  
cd and, everytime you stuntin in the hood man  
everybody see em. They woulda put cuffs on my  
girlfriend, but whats the difference? Cause maejor got  
too much swag ever since he took my baby.

Iv'e had this black suit on, rolling around like im ready  
for a funa-ral. Just a couple more miles till the road  
runs out. Imma about to drive in the ocean, imma try  
and swim from something bigger than me. Kick of my  
shoes... swim good, swim good. Take of this suit...  
swim good, swim good.
