I'm gonna wife you ass up

See I've met many girls
A million different faces
All over the world
A million different places
When I saw you, looking like a star
I said ,yeah yeah
So I jumped off my wheel
And started walking closer
I didn't know your name
So I taped you on your shoulder
Get you my number
And as you took the number
You said yeah yeah

Baby I'm not telling no lie
I've never seen an ass like that
So big but it fits so right
So round but it's still so fine
And it got me

Hey pretty girl
Hey sexy sexy lady
The way that that bottie moves/drop
Makes me go crazy
I'm gonna wife your ass up
Wife your sexy ass up
(repeats)

Up in the club
Dancing to some slow songs
She showed me love
Said baby this is your song
I'm like: what's up?
Are you trying to get freaky?

She said: yeah yeah
I get my drink
And then proceed two steps
then get right to it
cause we only got a few left

So grab your girls
Ad let's make it a party
She said yeah yeah

Baby I'm not telling no lie
I've never seen an ass like that
So big but it fits so right
So round but it's still so fine
And it got me
Hey pretty girl
Hey sexy sexy lady
The way that that bottie moves/drop
Makes me go crazy
I'm gonna wife your ass up
Wife your sexy ass up
(repeats)

When you take it up high to the top
make a nigga say oh, oh
and when you take it down couple
of inches off the ground
shawty go go

Hey pretty girl
Hey sexy sexy lady
The way that that bottie moves/drop
Makes me go crazy
I'm gonna wife your ass up
Wife your sexy ass up
(repeats)
