So just the other day  
I was stuck in line  
Staring off in space  
Some things were on my mind  
Then she walked right by  
I swear I fell in love  
Just in a moments time  
I knew she was the one

But my nurse came fast  
And my words too slow  
She walked on by

But I ain't never felt someone that I can't let go  
I've never had the feeling that you have when you know  
That one sure thing so really so true  
Guess that I've got a little lovin' left to do

So there I was again  
On a different day  
Walkin' down the street  
A couple blocks away  
And then this girl appeared  
I'd never seen before  
She must be right for me  
Someone I can't ignore

But my nurse came fast  
And my words too slow  
She walked on by

So I ain't never felt someone that I can't let go  
I've never had the feeling that you have when you know  
That one sure thing so really so true  
Guess that I've got a little lovin' left to do

When will I find my someone  
Will I have the heart to tell her  
Every line that I have played in my head waiting for this  
day

I don't wanna have to say

no, no, no, no

That I ain't never felt someone that I can't let go  
I've never had the feeling that you have when you know  
That one sure thing so really so true  
Guess that I've got a little lovin' left  
I guess that I've got a little lovin' left  
I guess that I've got a little lovin' left  
To do  
Little lovin' left to do  
yeahhhhh,  
woahhh
