Uh, yessir
It be that, it be that, it be that

Breezy millionaire
A millie here and a million there
Selling out stadiums, million chairs
Steppin on and off stage, killin em
I got a million pair of them all white a million airs
I am a beast, hurry competition, come please
Lock em up, lock em up
Just put em on freeze
Long ice
I'm doin things that rappers don't like
And I'm makin
A millie (5x)
And I'm makin

Gettin money, just throw it up and watch it
And when it comes down
It's like magnets in my pockets
Damn I got it
Purple and green diamonds
They swing from my chest
Bigger and bigger
Man I think the Hulk's on my neck
I'm brilliant
Jay-Z, Weezy, Breezy
So what's a million
Yeah

Singin niggas is just chill
Haha
Cause I'm ill
