Verse:

Oh oh oh oh oh
If I have a moment
I'd capture that moment
You would be right here next to me
If I have the secret
The secret to your love
I would plant your treasure with me
For my heart
Lock it all up
Throw away the key
I would never give it up
Cause I was just a fool
A fool for you
When I loved you so childishly

Chorus:

And I want it all back
I want it all
I want it all
I want it all back
I want it all back
I want it all
I want it all
You never miss a good thing til its gone
I want it all now, I want it all back

Verse:

If there is a green light
And its bout to turn yellow
Pedal to the floor cause I know your heart is turning red
If I had the minutes I would turn them into hours
I need the love to your mind and not your body instead

I was just a fool
A fool for you
That didn't know what I had until I lost you
Every single moment that you're not here
Its evident to me that just seems all clear

Chorus:

And I want it all back

I gotta have it all
I want it all
I want it all back
I want it all back
I want it all
I want it all
You never miss a good thing til its gone
I want it all, now I want it all back

Bridge:
Now everything isn't everything
If everything, everything isn't with you
And I want it all back
I want it all
I want it all
I want it all back
I want it all back
I want it all
I want it all
You never miss a good thing til its gone
I want it all, now I want it all back
