G-g-girl, I woke up before the light
Thinking about tonight, I can't, I can't sleep
Just a few hours ago
We had the TV on drowning out your screams

Tell me your favorite love song, girl
I'm gonna play it while your toes curl
Girl, what you're saying? Speak your mind
G-g-girl, tell me what you like

I'ma make you beg for it, beg for it
I will give you what you need
Only if you say please
I'ma make you beg for it, beg for it
Only whisper your wishes to me, babe

Not gonna lie to you
Wasn't expecting you to have me on my knees, yeah
I'm gonna make you cry tears from your paradise
And love your ass to sleep, yeah

You've got my favorite secrets on
And I owe you my hands to take them off
Girl, what you're saying? Speak your mind
Tell me what you like

I'ma make you beg for it, beg for it
I will give you what you need
Only if you say please
I'ma make you beg for it, beg for it
Only whisper your wishes to me, babe

Baby, I'm gonna let it go
Girl, you gonna get it good
I'm gonna make twenty more seconds
Feel like twenty more minutes

Baby, I'm gonna make you scream, yeah
I'm not finished yet, twenty more seconds
Oh, you ain't gotta beg no more

I'ma give it up, I'ma give you all my love

And, baby, oh, I'm gonna give you what you're asking
for
But if you want more

I'm gonna make you beg for it, beg for it
I'ma give you what you need
Only if you say please
I'ma make you beg for it, beg for it
[Incomprehensible]

I'm gonna make you beg for it, beg for it
I'ma give you what you need
Only if you say please
I'ma make you beg for it, beg for it
Only whisper your wishes to me, babe
