Nappy boy, Hey!, Pretty boy
Nappy boy, Hey!, Pretty boy

Turn off the past, turn off the trouble,
I'm about to take it to a whole nother level!
Dj turn off what you're playing, I want the whole club to
hear what i'm saying!
Because this girl means soo much to me,
And now we're on the floor and she's touching me.
And if I wanna take her home
It's gonna be better than what they do on the radio!

[Chorus]

It's gotta be the crunkest
It's gotta be the loudest
It's gotta be the best love song she ever heard in her
life
I gotta tell her how I feel
I gotta let her hear, the best love song she ever heard
in her life
No need for me to write, I just gotta picture her smiling,
And if you feel that way, go ahead and kiss your baby
Now we've got the whole stadium in love like
Eh eh, eh, eh

Turn of the lights, lights, lights, give me a mic, mic
I'm about to sing and do it just as she likes.
She moves the stage, Oh bombs away
Drops every night awake, Cowabunga!
You know it's right, just do the wave
Girl just move your body like a snake, maaa..
And if you wanna get with me

Put your hands in the air and show me that energy

[Chorus]

It's gotta be the crunkest
It's gotta be the loudest
It's gotta be the best love song she ever heard in her
life

I gotta tell her how I feell gotta let her hear, the best
love song she ever heard in her life
No need for me to write, I just gotta picture her smiling,
And if you feel that way, go ahead and kiss your baby
Now we've got the whole stadium in love like
Eh eh, eh, eh

Homie kiss your girl
Shorty kiss your man
We can see you on the kissin cam
Please show me some love, yea yea
Show me some love, yea yea
Now look her in the eye, see baby I love you
I never put no one above you
And if you feel that way

Go ahead and kiss your baby
And now we've got the whole stadium in love like
Eh 8x
And if you feel that way
Go ahead and kiss your baby
And now we've got the whole stadium in love like
Eh eh, eh, eh
Oh, oh, oh
