[Chorus]

Lights out, countdown  
want you to take it off right now  
It's the countdown, about to play you out  
I just wanna get up in it like yeah  
Lights out, yeah, count down, yeah  
want you to take it off right now  
It's the countdown, about to ware you out!  
I've been trying to get at you miss lady  
All up in your house, fuck you on your couch  
Take you to the bed I know you lazy  
Then we go up and down, you're screaming out  
that this dick amazing  
And you gonna make a nigga wanna cuff you and  
wanna put me in a cage.  
And Imma turn that ass out tonight  
And I put all my money on it  
I know you know my girl miley, so we fucking till the  
morning  
You're dirty, watching me put it on your body  
Baby let me turn the lights down

[Chorus]

Lights out, countdown  
want you to take it off right now  
It's the countdown, about to play you out  
I just wanna get up in it like yeah  
Lights out, yeah, count down, yeah  
want you to take it off right now  
It's the countdown, about to ware you out!  
Imma get all up in it miss lady  
And I'll be kissing and licking on your body  
And you can ride me, cause you know this dick stupid,  
ain't it?  
And Imma roll the red carpet out for that pussy make  
that pussy famous  
And if yo nigga tripping,  
Imma chip in and fuck around and make them  
payments  
Girl, what time you want me to pull up to your house  
I'll slip in when he step out  
He go out partying with his boys  
And I'll be partying in your mouth

Ga ga gon' head now kiss him, his breath smelling like  
liquor  
I don't care if you get her, Ima always be that nigga  
when it's...

[Chorus]

Lights out, countdown  
want you to take it off right now  
It's the countdown, about to ware you out  
I just wanna get up in it like yeah  
Lights out, yeah, count down, yeah  
want you to take it off right now  
It's the countdown, about to ware you out!  
Please don't make it easy  
Cause Imma want you.. all night  
And you got something to teach me  
And baby when I get it, Imma get in it  
And ima make love, love!

[Chorus]

Lights out, countdown  
I want you to take it off right now  
It's the countdown, about to play you out  
I just wanna get up in it like yeah  
Lights out, yeah, count down, yeah  
Want you to take it off right now  
It's the countdown, about to ware you out!
