Everybody sees it's you
I'm the one that lost the view
Everybody says we're through
I hope you havn't said it too

So where do we go from here
With all this fear in our eyes
And where can love take us now
And we've been so far down
We can still touch the sky

If we crawl
'till we can walk again
And we'll run
Until we're strong enough to jump
And we'll fly
Until there is no end
So let's crawl...crawl....crawl
Back to love
Yeah
Back to love
Yeah

Why did I change the pace
Hearts were never meant to race
Always felt the need for space
And now I can't reach your face

So where are you standing now
Are you in the crowd of my voice
Love can't you see my hand
Lend me one more chance
We can still have it all

So we'll crawl
Till we can walk around
And we'll run
Until we're strong enough to jump
Then we'll fly
Until there is no end
So let's crawl....crawl....crawl
Back to love

Yeah
Back to love
Yeah

Everybody sees it's you
Well I never wanna lose that view

So we'll crawl
Till we can walk again
Then we'll run
Until we're strong enough to jump
Then we'll fly
Until there is no end
So let's crawl....crawl...(crawl)

So we'll crawl
Till we can walk again
Then we'll run
Until we're strong enough to jump
Then we'll fly
Until there is no end
So let's crawl....crawl...(crawl)

Back to love....
