Fresh up off the stove
I'm hotter than a bitch
Black diamond audemar is holding down my wrist
I'm the shit you playing
Nigger you know my name dawg
And shawty let me cut call me mister chainsaw
This beat goes so hard
And so does your broad
And when she sees me
If its easy ha
Its your fault
Lamborghini fettucinni count this dough dawg
Big ice on my neck look like snowballs
Anyway that I get it I don't care
I do it wen I do I does it
And you know me
Shitting on niggas and I do it in public
I know you're mad boi
And I ain't trying to brag
I'm just talking about the shit
That you wish you had
My tattoos compliment my attitude
Light skin nigga but I'm not an average dude
You're an opener and I'm going after you
Headline I hope you niggas read the news

[Chorus:]

When they see me their jaw drop, yea
Better cup your chick when she see me her jaw drops,
yea
Shuttin the club down
Nigga thats on top
they telling me slow down
but I ain't never gonna stop
ha...ok
Where the Rosae, Ciroc
Mixed wit OJ
I'm hot
You not but it's ok
Ya'll mean shit to no way haha

Gucci shades

My chain looks like minute maid
Blowing up is what I do
I'm a big grenade
Star stuntin
These niggers frontin show me something
A whole clique niggas shitting
Bullets dumping
and When you see me
Please believe me
That I'm fly as hell
I got a rack of broads
I call it my clientele
Tigers at the wing
Two girls that's a three piece
Now you see why all these singers
Tryna to be me
Now what you're talking about
To the haters throw them deuces up
Back number one
Middle fingers up
Straight to the top zoom zoom
that's how I go
and then I drop the top on my mercielago
Its not a game nigga
So I ain't got to play
My niggas Mac and Diesel

Its Yung by the way
G5 so I ain't got to wait
The most hated on
So I ain't got to hate

[Chorus]

When they see me their jaw drop, yea
Better cup your chick when she see me her jaw drops,
yea
Shuttin the club down
Nigga that's on top
they telling me slow down
but I ain't never gonna stop
ha...ok
Where the Rosae, Ciroc
Mixed wit OJ
I'm hot
You're not but it's ok
Ya'll mean shit to no way haha
