He plays
The sweetest melody
When I hear it
Takes over me
And I feel
Every strum
Of the strings
It reminds me
Of all the things
We used to be
Can't breathe at all
Cause you're coming

Coming through
My speaker
Speaker
Got me trying
To reach ya
Reach ya
But I got
To feature, feature
My electric guitar
Everytime
I'm by you, by you?
Everytime
I'm by him, by him
You're ripping up
On the chords
Playing my heart
Electric guitar (6x)

It kills me
That I can't be
With you
Thought I was the key
You're playing
Don't know
I just gotta be the one
You let bleed out
Wish I didn't know you
Got me feeling stuck
I can't let you go

Just my luck
Falling down
Without you
Can you pick me up
And I can get you
Off my head

Coming through
My speaker
Speaker
Got me trying
To reach ya
Reach ya
But I got to feature
Feature
My electric guitar
Everytime
I'm by you
By you?
Everytime
I'm by him
By him
You're ripping up
On the chords
Playing my heart
Electric guitar (6x)

I got to need you
Cause I love you
And I want you
But I got to let go
Cause I need to fart
Really really bad
And if it smells
I might die
And my face will be bad
Hehe

I'm losing
My composure
Oh
I can't gain you over
You must think
That I'm crazy, girl
Please control me
With your melody
I'll play it
For the world
Cause I'm your girl
And I just wanna hear
(So)

Coming through
My speakers
Speaker
Got me trying
To reach ya
Reach ya
But I got to feature
Feature
My electric guitar
Everytime
I'm by you
By you?
Everytime
I'm by him
By him
You're ripping up
On the chords
Playing my heart
Electric guitar (9x)
