Chris Brown
"Final Destination"

Departure time seven thirty
Im packed and ready to go
First class ticket to get out of here
I think its time to put it back in gear
No more stand by
Im tryna steer clear

Turbulence got me nervous
I shouldve never flown
Scared when you fly alone again
You know the atmosphere wasnt perfect
im thinking to myself was it worth it

layovers almost over
I can see clearly no more stormy weather
Exit row don't pull on the lever, lever
This goin be my final destination
No more sittin around havin my time wasted

You say its now or never
I pick never, we can be together
So calm down no more red eye late nights
Im one way no more connected flights

When it started you knew this relationship was
unhealthy
You broke the code
never thought that you would stoop so low
you got me flying solo
now you crying talking bout you cant live without me
my heart is sold
should never ever let me just go
you got me flying solo
solo solo solo
solo solo solo
solo solo solo
you got me flying solo
solo solo solo
solo solo solo
solo solo solo

touchin down eleven thirty

im rushin through the doors
im in a good place now
I cant find my baggage
now I don't even want it back
and I don't wanna have you no more
I don't need a carry on
Its gonna weigh me down
You didn't think that I would find out
Whether or not who was wrong or right
I cant talk now I gotta catch another flight

layovers almost over
I can see clearly no more stormy weather
Exit row don't pull on the lever, lever
This goin be my final destination
No more sittin around havin my time wasted

You say its now or never
I pick never, we can be together
So calm down no more red eye late nights
Im one way no more connected flights

When it started you knew this relationship was
unhealthy
You broke the code
never thought that you would stoop so low
you got me flying solo
now you crying talking bout you cant live without me
my heart is slow
should never ever let me just go
you got me flying solo
solo solo solo
solo solo solo
solo solo solo
you got me flying solo
solo solo solo
solo solo solo
solo solo solo

thought i was scared to fly without you here
now you cant get under my skin
like you did before
why, I was so reluctant to walk out on us
so now im takin back my life
goodbye

When it started you knew this relationship was
unhealthy
You broke the code
never thought that you would stoop so low
you got me flying solo

now you crying talking bout you cant live without me
my heart is slow
should never ever let me just go
you got me flying solo
solo solo solo
solo solo solo
solo solo solo
you got me flying solo
solo solo solo
solo solo solo
solo solo solo
