### "Flying Solo / Final Destination"

(feat. Dre)

*[Dre]*

Departure time 7:30  
I'm packed and ready to go  
First class ticket outta here  
I think it's time,  
To put it back in gear,  
No more standing by,  
I'm tryin to stay clear

*[Chris]*

Turbulence got me nervous,  
I should have never flown  
Scared when you  
Fly alone again  
You know the atmosphere  
Wasn't perfect  
I'm thinkin to myself  
Was it worth it

*[Dre]*

Layover's almost over  
I can see clearly,  
No more stormy weather  
Exit row,  
Don't pull on  
The lever, lever  
This gon be  
My final destination

*[Chris]*

No more sittin round  
Havin my time wasted

You say it's now or never  
I pick never  
We can be together,  
So calm down  
No more red eye late nights  
I'm one way,

No more connected flights (when...)

*[Chris: Chorus]*

When we stared out knew  
I knew this relationship  
Was unhealthy  
You broke the code,  
Never thought  
That you would stoop so low  
(You got me flyin solo)  
Now you cryin talkin bout you  
Can't live without me yeah  
My heart is sold  
Shoulda never ever left me this cold  
You got me flying solo  
Solo solo  
Solo solo solo  
Solo solo solo  
You got me flyin  
You got me flyin solo  
Solo solo  
Solo solo solo  
Solo solo solo

*[Chris]*

Touchin' down 11:30  
I'm rushing  
Through the doors  
I'm in a good place now  
Can't find my baggage  
And I don't even want it back  
And I don't wanna have you no more

I don't need to carry on  
It's gonna weight me down  
You didn't think  
That I would find out  
Whether or not  
Who is wrong or right  
I can't talk now,  
I gotta catch another flight

*[Dre]*

Layover's almost over,  
I can see clearly,  
No more stormy weather  
Exit row, don't pull  
On the lever, lever  
This gon be  
My final destination

*[Chris]*

No more sittin round  
Havin my time wasted

You say it's now or never  
I pick never  
We can be together,  
So calm down  
No more red eye late nights  
I'm one way,  
No more connected flights

*[Chris: Chorus]*

When we stared out knew  
I knew this relationship  
Was unhealthy  
You broke the code,  
Never thought  
That you would stoop so low  
(You got me flyin solo)  
Now you cryin talkin bout you  
Can't live without me yeah  
My heart is sold  
Shoulda never ever left me this cold  
You got me flying solo  
Solo solo  
Solo solo solo  
Solo solo solo  
You got me flyin  
You got me flyin solo  
Solo solo  
Solo solo solo  
Solo solo solo

Thought i was scared to fly  
Without you here  
Now you can't get  
Under my skin  
Like you did before  
Why  
I was so reluctant  
To walk out on us  
So now I'm taking  
Back my life  
Goodbye

*[Chris: Chorus]*

When we stared out knew  
I knew this relationship  
Was unhealthy  
You broke the code,

Never thought  
That you would stoop so low  
(You got me flyin solo)  
Now you cryin talkin bout you  
Can't live without me yeah  
My heart is sold  
Shoulda never ever left me this cold  
You got me flying solo  
Solo solo  
Solo solo solo  
Solo solo solo  
You got me flyin  
You got me flyin solo  
Solo solo  
Solo solo solo  
Solo solo solo  
  
You got me flyin  
You got me flyin solo
