I'll wait for you
Til you come home
Here out alone
I stay all over your love

For your love
For your love
For your love
For your love
For your love
For your love

With my (pimp cup down?)
Nothing lost nothing found
Is the things that u do
That makes me love you
Turn around and thump thump
That's what I want you to do
Even when I want you
I hope you want me too

I'll wait for you
Til you come home
Here out alone
I stay all over your love

For your love
For your love
For your love
For your love
For your love
For your love

And know what I'ma do now
I'ma keep you around
I like your teeth when you smile
And your bootys like wild
So turn around and thump thump
Or I jump in your trunk
I reeli reeli want you
I hope you want me too

I'll wait for you
Til you come home
Here out alone (I'm here, I'm here, I'm here)
I stay all over your love

For your love
For your love
For your love
For your love
For your love
