(Verse1)

Broken again I'm, down on my knees ripped apart
But I see you out there

So I'm taking these chains off my heart

(Hook 1)

I'm listenin' close for you

Feelin' my way out the dark

I'm on my way to you

And won't nothin' keep me from ya

(Chorus)

So I'll just free run, till my feet start to lift off the
ground

I will just free run, till I find myself right where you are,
oh

Whoa, whoa, I'll free run to ya

Whoa, whoa, free run to ya

(Verse 2)

Life with you leaving, is like being locked upside down
I'm all out of reasons, to let all this hurt keep me
bound

(Hook 2)

I'll listen close for ya

I don't wanna miss the good parts

I'm on my way to ya

And won't nothin' will keep me from ya

(Chorus)

So I'll just free run, till my feet start to lift off the
ground

I will just free run, till I find myself right where you are,
oh

Whoa, whoa, I'll free run to ya

Whoa, whoa, free run to ya

Oho, whoa, whoa, whoa, whoa, X 2
