[verse 1]:

your place midnight
when i come through i ring ya doorbell twice
when i come through i do the things you like,
like, im room service
and dont you take me
for every chick tryna take all yo [shit]
'cus i aint even tryna get none-o-yo [shit]
please, i dont want none-o-yo [shit]

[chorus]:

dont be star struck
when we goin under these covers
you gon have to get in my hand cuffs
man up
boy just play along
i'll give it to you proper
play nurse and you play doctor
boy you know i got ya (hah)
i know what ya like

you like the way i shine
i'm 10 times more than a dime

i'm yo golden girl
[golden girl]
yo golden girl

i got my shit together
even with a chick get a grip with hips like this

im yo golden girl
[golden girl]
yo golden girl

[verse 2]:

freeze
you aint never had a girl like me

if you think that im lying, test me, you'll see
that im down and i aim to please
im gonna show you how to break it down
[break it down]
you been given none of my love to you
so dont be star struck

[chorus]: 2x

dont be star struck
when we goin under these covers
you gon have to get in my hand cuffs
man up
boy just play along
i'll give it to you proper
play nurse and you play doctor
boy you know i got ya (hah)
i know what ya like

you like the way i shine
i'm 10 times more than a dime

i'm yo golden girl
[golden girl]
yo golden girl

i got my shit together
even with a chick get a grip with hips like this

im yo golden girl
[golden girl]
yo golden girl
