Baby I'll admit, I made a mistake
Don't know what I was thinking, what i had was so great
Tried it to my mind, went back to my heart,
I know it ain't there sometimes I want it all

Go head cuss me out girl I understand,
I will stay right here and take it like a man
I really need you back, babe what I gotta do
Let me be honest, straight up tell the truth

I haven't been the same since I left you,
I cant enjoy myself, even if I try too
I'm not happy, it ain't a laughin matter
And you don't understand ..

My heart is hallow
I didn't know I'd end up like this
Said I didn't wanna, now I miss you
My heart is hallow
And I don't care if the neighbors hear me loud,
Baby Ill scream it out, I didn't know what I was thinking
bout
Hallow, thought I wanted to spread my wings
But I'm empty trying to do my things, out in these
streets
I wanna fly back
(can I come back) home
Without your love its hallow
Whooaa oh oh ?..

Girl, I will never be the same no more
Promise I can do you better, sincerely yours
In many times, I didn't even try, and even when I told
them lies
You stay wonderful girl
Can I least just get the chance to show you ah
That I'm not a little boy I won't make you cry
And it means now, all we need is time
We can get back to the way things were

I haven't been the same since I left you

I cant enjoy myself, even if I try too
I'm not happy, it ain't a laughin matter
And you don't understand

My heart is hallow
I didn't know I'd end up like this
Said I didn't wanna, now I miss you
My heart is hallow
And I don't care if the neighbors hear me loud,
Baby Ill scream it out, I didn't know what I was thinking
bout
Hallow, thought I wanted to spread my wings
But I'm empty tryin to do my things, out in these streets
I wanna fly back
(can I come back) home
Without your love its hallow

Only so much I can take, this love is broken down
Come rescue me, I need your arms
Gently wrapped around
Say you need me, and don't let go whoooaaa
And just to put it simply, girl my heart is empty

My heart is hallow
I didn't know I'd end up like this
Said I didn't wanna, now I miss you
My heart is hallow
And I don't care if the neighbors hear me loud,
Baby Ill scream it out, I didn't know what I was thinking
bout
Hallow, thought I wanted to spread my wings
But I'm empty trying to do my things, out in these
streets
I wanna fly back
(can I come back) home
Without your love its hallow
Whooaa oh oh ?..
Girl ?..
