It's a 360 turn, sittin' where we begin  
Beginnin' like here's the end  
Like kissin' and missin' class

But we needed to learn  
Was different than just some math  
It's the big picture, we missed it  
The figures just didn't add up

We said let's not leave on bad terms  
In between them bad words  
It could be love right?

But are we gon' leave  
When it's this good?  
Damn it just 'cause  
Seems this lovin's all for nothing  
Baby, you know

A heart ain't a brain  
But I think that I still love you  
A happy endin' makes it right  
'Cause it ends when you don't want to

And it makes perfect sense  
To end it like the start  
How do I explain this nonsense to my heart?  
A heart ain't a brain  
But I'm thinkin' that I still love you

It's a fly twist  
Just when you said I got this  
Right when the fight has stopped it  
Seem my body felt wrong

Held on them nights  
We held on, we can't let it go  
But if we don't then  
We will never know

We said let's not leave on bad terms  
In between them bad words

It could be love right?

But are we gon' leave  
When it's this good?  
Damn it just 'cause  
Seems this lovin's all for nothing  
Baby, you know  
A heart ain't a brain  
But I think that I still love you  
A happy endin' makes it right  
'Cause it ends when you don't want to

And it makes perfect sense  
To end it like the start  
But how do I explain this nonsense to my heart?  
A heart ain't a brain  
But I'm thinkin' that I still love you

My heart is achin'  
Thinkin' 'bout all the love we wasted  
My heart's impatient  
Can't understand the time we're takin'

My heart can't have, my heart can't decide  
But it's tellin' me it's right  
And I know that we should just call it quits  
But I'm thinkin' that all of this  
Gotta change 'cause my heart's goin' insane

A heart ain't a brain  
But I think that I still love you  
A happy endin' makes it right  
'Cause it ends when you don't want to

And it makes perfect sense  
To end it like the start  
And how do I explain this nonsense to my heart?  
A heart ain't a brain  
But I'm thinkin' that I still love you

A heart ain't a brain  
But I think I love you  
A heart ain't a brain  
But I think I love you

A heart ain't a brain  
But I think I love you  
A heart ain't a brain  
But I think I love you
