"Holding On"

I'm staring at the clock
It's a quarter to three
I'm tossing in my bed
Cause I just can't sleep
Cause you're not here with me
I'm reaching out for you
I wish I could talk to you
Trying to figure out
What's going on with me
I'm used to having
All the answers for everything
Oh girl, I think she is the one
Who where that's coming from

It's so crazy
Babe you simply amaze me
Somewhere it's wrong
When lately I owe it all to you
All those lately used to be now
Seem so lately
I'm coming down with this new me
All I know is that you are the cure
Cause I've been diagnosed for love

Does anybody know the answer to this question
Cause I'm confused so now
I'm hoping for suggestions
My heart is taking loud (So loud)
What is this about (About)
I'm really changing now, Oh
Cleared all the numbers out my phone
Then left that whole life go on
So are two of the symptoms I see
And I believe, oh girl, I am sure
That you are my miracle

It's so crazy
Babe you simply amaze me
Somewhere it's wrong
When lately I owe it all to you
All those lately used to be now
Seem so lately

I'm coming down with this new me
All I know is that you are the cure
Cause I've been diagnosed for love

Let me hear you say
Nah nah nah nah nah, nah nah
If anybody feels me
Let me see you wave your hands and say
I'm dying all for love
And let me hear you say
Nah nah nah nah nah, nah nah
Girl cause all I know
That you are the cure babe

It's so crazy
Babe you simply amaze me
Somewhere it's wrong
When lately I owe it all to you
All those lately used to be now
Seem so lately
I'm coming down with this new me
All I know is that you are the cure
Cause I've been diagnosed for love

Love
Cause I've been dying all for love
I said you are the cure
Cause I've been diagnosed for love
Put your hands together now
Everybody put your hands together
