Tell me what did I do, To make you hate me so much
Why you angry all the time, why you don't want a ride
with me

Girl I used to make love. When you called, I would
follow

Now the only thing you love is a bottle. The only thing
you got left is a shadow

Don't let this shit come between us.
I'm wrong your'e right, it's ok with my heart
But it's not how it's supposed to be.
You always say I'm done we're finished
Fuck it, Im wrong you're right. Please God help us
Guess I'm gonna leave it up to you tonight

She ain't bluffing. She gon do it
I think it's time for me to face the music
I could really give a damn about my pride
But the way you actin is stupid
You're going back and forth with the lies, never
compromise
Girl if you love me you better prove it
Baby I cant win, I can't win for losing

Don't even matter if you screamin' yeah
Girl you don't love me, you don't love yourself
But it don't matter if you raising hell
I miss you, I wanna kiss you yeah
I can't remember who you are babe
Remember when your heart used to say
Love me babe, Love me babe
I know them bitches got in your way but,

Don't let this shit come between us
I'm wrong you're right, it's okay with my heart
But its not how it's supposed to be

She ain't bluffing. She gon do it
I think it's time for me to face the music
I could really give a damn about my pride
But the way you actin is stupid

You're going back and forth with the lies, never
compromise
Girl if you love me you better prove it
Baby I cant win, I can't win for losing

I'm not trying to waste our love
I'm just trying to save what's left of it
One day, one day my love
You gon realized that you fucked up
And when that day comes my love
I'm goin be the same one still lovin
How you gonna cancel me out?
Say I won't listen, but I'm listening now

She ain't bluffing. She gon do it
I think it's time for me to face the music
I could really give a damn about my pride
But the way you actin is stupid
You're going back and forth with the lies, never
compromise
Girl if you love me you better prove it
Baby I cant win, I can't win for losing
